

Name: Seerat Magray

E-mail: magrayseeratgis@gmail.com

Supervisor: Dr. Irfan Rashid

Co-supervisor : TBD

Research Area: Glaciology (Cryobiology)

Research Interests:

I am a Ph.D. student having strong inclination towards understanding glacier dynamics in western Himalayan region of Kashmir. During my PhD I intend to work on the impact of cryoconites (assemblage of dust, snow algae and microorganisms) on glacier recession.
